

K-LOVE radio must stay on the air nationwide and especially in Corpus Christi, TX. This radio station helps to keep my mind focused on God and the 4 year old I take care of is learning about God through the music K-LOVE provides. This is something that ONLY K-LOVE can provide. If this station goes away, people in this community will lose one more thing that brings them closer to God. That would be a tragedy. The music is uplifting and gives a positive outlook on life, which no other radio station can do. It's time for our government agencies to stand up for Christianity and God, and K-LOVE provides that stand and hope for the public. Keep K-LOVE on the air.
